In 30 minutes is definitely possible. I can do it now too.

Hi, could now or in 20-30 minutes work? I just spoke with Gordon - he is available. I can set up a zoom. My afternoon filled with a meeting in Incline Village, but I can do anytime on Thur. or Fri too.

1:00 would be better for me than 2, but I can make 2.

Greetings all,

First, thank you Andrew for getting the Rose Foundation set up. As you can see Meg, a philanthropist from San Francisco, has already contributed \$2,000 to this fund. It's great to have a fund to which we can direct donations.

Next, Bill, I talked with the expert Gordon Binkhorst today and set up a zoom with the three of us this Wed at 1:00 or 2:00 PST since you said that Wed. aft was good for you. I could probably make it earlier that day if you'd like.

Last, can we switch our call to noon or 1pm tomorrow, Tuesday, for our first Tuesday call? I like the idea of a weekly call. For a bit there we were having them on Mon. I was asked to speak to a group in Zephyr Cove on Tuesday, Sept. 12 at 9:00am a while back. It's about 120 people and I'll be talking about the law as a means for environmental protection, including our Tahoe case. AT&T has been engaged in a propaganda campaign that the cables do not cause any human or environmental harm and I'm countering this along with fundraising around the lake.

I look forward to catching up with everyone. As I've mentioned recently, my scuba dive on Friday with the Clean Up the Lake Divers revealed that there are many spots where the cables are frayed.

Kirk

Quite a productive week!

The funding agreement with Rose is ready for Tim's review; the website donations mechanism should go live shortly; our potential new co-counsel are pretty much fully briefed and may decide to join early next week; our discovery responses due 9/18 have been drafted for review; our first set is in the works for propounding next week; and we've got some concepts for a co-counsel agreement for help in clarifying our roles.

Starting on Tuesday, we will resume our weekly calls in this case, using the firm's regular dial in,

on 41513#. We might change the time to suit everyone's schedule, and use a different dial-in to avoid overlap with other cases/counsel, but for now it'll be Tuesdays at 9:00 using the regular number.

Andrew
